*Ridgeline Construction Group, Inc.  
& Inspiro 8 Studios*

Ridgeline Construction Group, Inc. and Inspiro 8 Studios have teamed to create a dynamic design/build team that focuses on creating homes that your family will enjoy for generations. With a focus to exceed their client's expectations, RCG & IS8 strive for excellence in construction, design, detailing, and communication for a complete home building experience. As part of our service, we use a pre-designed plan as a starting point and assist you in customizing it to make it your own. Working through the design, each client will be able to visually experience their home through our exterior 3-D fly around models and ability to create interior 3-D perspectives. This assures you'll be able to visualize exactly how your home will look before we begin construction. From the beginning, you will realize that working with RCG & IS8 is different

- Simple process that requires minimal time commitment
- Pre-designed Plans and Specifications with a Guaranteed, All-Inclusive Cost
- Designs and Selections are based on 70+ homes built in the Carolinas, including the 2006 Golf Magazine Dream Home
- Each home can be built and certified GREEN

## *The Ridgefield*

- Functional, open living spaces
- Extensive outdoor living spaces
- Luxurious Master Suite
- Easily expandable for additional bedrooms, bunk room or study
